

ASRY is the Arabian Gulf's most experienced ship and rig repair yard. Founded in 1977 in Bahrain with a staff of more than 6500 people and over 35 years of experience in marine industry.

"The system is very effective and improves our customer care services, sales process (due vessels) and agent communication. It is a strategic initiative in order to secure business and improve quality at ASRY"

Saleh Daewood, Department Head Customer Care, ASRY

## MANAGEMENT INFORMATION

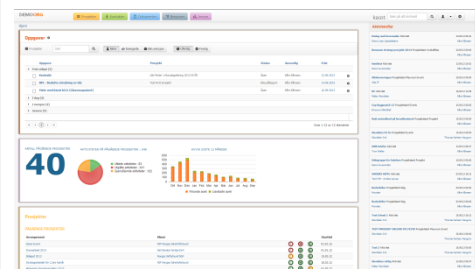

The executive management is supported by a complete 360 view of their major customers, including Business numbers, Potential sales/repairs, Ongoing projects, Vessels & Fleet details, Contacts and Incidents/Quality issues.

Kaizit also provides detailed vessel information of equipment, docking date, geographical presence and ship-owner / management details.

## EFFECTIVE PROCESS FLOW

Effective collaboration with agents is essential in order to provide timely customer response. Kaizit provides a transparent collaboration platform and effective task management in order to keep deadlines.

It is essential to develop strong customer relations in order to secure new business. Kaizit ensures that defined tasks are done in order to support the superintendent and his staff.

<p>✓ <b>CUSTOMER RELATIONS</b> PROFESSIONAL CUSTOMER SERVICES</p>	<p>✓ <b>SALES GROWTH</b> SYSTEMATIC SALES PROCESS</p>
<p>✓ <b>AGENTS</b> TRANSPARENT &amp; EFFECTIVE COLLABORATION</p>	<p>✓ <b>REDUCED COSTS</b> IMPROVED QUALITY AND MORE EFFECTIVE PROCESSES</p>
