Machine test

Type: Engine Systems
 Owner: ORC Yara Glomfjord
 Weight: 120
 Length: 12
 Width: 24
 Production year: 2014
 Production month: November

Description of a specific machine

Project	Client	Status	Phase	Starts
Ny maskin aaa til yyy	Senja Avfall TPS	Active		05.01.2014
Test production a	ORC Yara Glomfjord	Active	Engineering	24.12.2013

Kaizits unique features makes it easy to maintain control over products delivered and resources used.

Example of relevant information;

- Product configuration
- Certificates and documentation
- Equipment details
- People involved
- Next follow up

BEST PRACTICE PROCESS FLOW

The users have access to shared work lists, tasks and updated status of the projects.

Effective collaboration with external suppliers makes the process more predictable.

Easy logging of response and updates of progress provides control and business insight for the management.

Kaizit ensures the work done!

✓ IMPROVED QUALITY

✓ COST EFFECTIVE

✓ 100% CONTROL
